

There are several trains available from Verona Porta Nuova to the CEREIA Stazione FS (see table below for schedule). The train service is especially convenient; travel lasts just shy of 40' and the CEREIA Stazione FS is situated within walking distance (0,2 miles/300 meters) from the exhibition center (Centro Fieristico "AREAEXP"/La Fabbrica Srl). A special train service has been organized expressly for this event; this service has a shortened travel time of only 25' and is free of charge; however it will only be available on Saturday the 10th of April.
